Add Special Page(s)

Special pages are when one or more pages will be treated differently than the rest of your job. For example, you may wish to have your entire job printed in Black and White except for pages 2-9, which should be printed in color. If there are ANY color pages in your book you must indicate them here AND select color from the drop down. If you are submitting just 1 file, note which page of your file is your front cover and which page is your back cover

Additional Instructions. This box is not for color pages. Insert color pages in the special pages section.:

Do Not add your color page numbers here.

In the pop up box you will list out the PDF page numbers which contain color pages.

You will also need to select COLOR from the drop down menu within the pop up.
